Nancy Rockett married John Bumgarner and he died in Oct,1819 in North Carolina. The earliest record found in NC for John Bumgarner are the deed transactions in Mecklenburg County; one dated 21 Dec.1762, and another one dated 16 Nov, 1764 for 150 acres.This land was located on Leepers Creek. A number of years separate the date of the deeds found in Mecklenburg Co. from the one dated 15 May 1772, for 600 acres found in Tryon Co for John Bumgarner's deed also on Leepers Creek. Research has not definitely established a relationship between Peter and John, but since they lived in the same vacinity, it is believed that they were related, possibly as, father and son, or uncle and nephew. We do know that Peter was in NC at an early date, and we do not find a record of John in NC until 1762. There is a possibly that John in NC is the son of John whose will was made in Augusta Co, VA in 1751. Since no probate was found, it is not certain that John died in 1751. But, that is the date of his will, and the will does name a son named John. In reviewing the records of Augusta Co.VA, we see that John,Jr. heir of John Bumgardner, deceased, sold his property in Feb,1757, so we do know that his father was dead by this date, and since Peter was in NC prior to this date, there is a possibility that John came on to NC since Peter was there. Futher evidence, found later, states that John,Jr. died in VA. We know that John and Nancy, were in fact, married; but, no marriage bond has been found; so we do not know: date of matrimony, her birth, death, or burial place. So far, a tombstone for John has not been found; but, we do know that his will was filed in 1819 and probated in 1820 in Lincoln Co. John and Nancy had ten (10) children: John,Jr; Moses,Thomas, Elizabeth, Aron, Absalom, Melger, Nancy, Andrew, and Michel. We do know that John and Nancy had at least 56 grandchildren.

Other research has shown that John was born: 1754, died: 1819; and Nancy Rockett: born 1755 died: 1835. Melger Bumgarner is my lineage.
